(614)817-3452 | jacks3t6@mail.uc.edu |Theodore Jackson LinkedIn

EDUCATION

Bachelor of Science, Computer Science Graduating: May 2028
University of Cincinnati, Cincinnati, OH

- Coursework: Data & Discrete Structures, DataBases, Engineering Design Thinking, Software Engineering

SKILLS

Computer languages: C++, Java, Python, Matlab, LabView, Excel, React Native, JSON, PromQL, GitHub, SQL

PROFESSIONAL EXPERIENCE

Software Engineer Intern Aug 2025-Dec 2025
Kroger (Technical Digital), Cincinnati, Ohio

- Designed and implemented API monitoring dashboards in Grafana, leveraging Prometheus Micrometer, and Spring Boot Actuator to track critical RED metrics (Rate, Error, Duration) for performance and reliability
- Developed backend integrations to expose JVM and connection pool metrics, enabling visibility into memory usage, garbage collection, thread activity, and database connection health
- Collaborated via GitHub for version control and code reviews, contributing to backend code enhancements and maintaining clean, documented commits
- Configured automated alerting and dashboard templating for multi-environment support, ensuring proactive issue detection and SLA compliance saving my team several hours of work

Warehouse Associate Jun 2024-Aug 2024
McNaughton-McKay Electric Company, Columbus, Ohio

- Efficiently managed shipping, receiving, order picking to ensure timely processing of materials throughout the warehouse
- Collaborated with team members to improve workflow efficiency and ensure a safe working environment

PROJECTS

Mobile Cookbook Application Prototype Feb 2025-May 2025
Solo Project with React Native, Cincinnati, Ohio

- Initiated and organized a solo mobile app project focused on building a cookbook application
- Designed an original UI prototype demonstrating multiple user flows and screens (e.g., recipe browsing)
- Developed front-end components in React Native while researching best practices, libraries, and backend integration options

Lego Mindstorm Robot Project 2 Jan 2024-Apr 2024
Engineering Design Thinking 1120, Cincinnati, Ohio

- Built and programmed a robot that scans barcodes and then moves and puts the correct boxes in the correct location

Lego Mindstorm Robot Project Aug 2023-Dec 2023
Engineering Design Thinking 1100, Cincinnati, Ohio

- Built and programmed a robot that does not have wheels to pick up objects and carry them to another location

EXTRACURRICULAR ACTIVITIES

Member Aug 2023-Present
National Society of Black Engineers, Cincinnati, Ohio

Tutor Aug 2023-Present
Bearcat Buddies, University of Cincinnati, Cincinnati, Ohio

- Educated middle and elementary school students about fundamental mathematics in 1-on-1 and small group settings
- Tracked several students and evaluated student performance
- Provided performance feedback to students

HONORS & AWARDS

University of Cincinnati Dr. Edward N. Prather STEM Scholar Jun 2023-Present
Bridge Program, Cincinnati, Ohio

Choose Ohio First Scholarship Program Aug 2023-Present

Emerging Engineer, UC CEAS Jun 2023-Present

AVAILABLE FOR CO-OP: SUMMER 2026
